SUMMARY

Information Science and Engineering student (B.E., CGPA 8.5/10) seeking a Python Developer, Software Development, or Full-Stack Developer internship. Hands-on with Python, SQL, and Git, with learning projects spanning React, Flask, FastAPI, and Supabase, built using AI-assisted development. Completed coursework in Python, Data Structures and Algorithms, and front-end development, and eager to deepen core programming skills in a team environment.

TECHNICAL SKILLS

Proficient: Python
Working Knowledge: Git, GitHub, SQL, HTML, CSS, JavaScript, Visual Studio Code
Learning: Java, React, TypeScript, Django, REST APIs, Flask, FastAPI, Supabase
Core Concepts: Object-Oriented Programming (OOP), Data Structures and Algorithms (DSA)

PROJECTS

LandLens — Land Record Digitization and Validation System *React, TypeScript, Python, Flask, Tesseract OCR*

- Built a learning project that digitizes land records by extracting text from scanned documents using Tesseract OCR.
- Developed with a React/TypeScript front end and a Flask (Python) backend, using AI-assisted development tools.

AeroGuardAI — AI-Powered Predictive Aircraft Maintenance *Python, FastAPI, Pandas, Machine Learning*

- Built a learning project exploring failure-risk prediction from aircraft maintenance data using Python and Pandas.
- Exposed project functionality through FastAPI REST endpoints, using AI-assisted development tools.

PyPath 365 — Python Learning and Progress Tracking Platform *React, TypeScript, Supabase*

- Built a learning project that helps users organize Python study goals and track progress.
- Explored authentication and database integration with Supabase, using AI-assisted development tools.

EDUCATION

Bachelor of Engineering, Information Science and Engineering 2024 – 2028
Shridevi Institute of Engineering and Technology (SIET), Karnataka CGPA: 8.5/10

CERTIFICATIONS & COURSEWORK

- **The Joy of Computing using Python** — NPTEL (IIT Madras), Jan–Apr 2026; 12-week course, consolidated score 56%
- **Python for Beginners** — Simplilearn SkillUP, July 2026
- **Basics of Data Structures and Algorithms** — Simplilearn SkillUP, July 2026
- **Introduction to Front End Development** — Simplilearn SkillUP, July 2026
- **Workshops:** Generative AI for Students (NxtWave, Dec 2024); Robotics and Automation (Pantech Solutions, Nov 2025)
